##### DISTRICT ROAD FUND.

NOTIFICATION No. 365.

*The 22nd November 1887.*

THE following annual accounts and reports of the Road Cess Committees of the districts of Dinagepore, Bogra, Rungpore, Julpigoree and Darjeeling for the half-year ending 31st March 1887, together with the remarks thereon of the Commissioner of the Rajshahye Division, are published for general information.

W. B. BESTIC,

*Under-Secy. to the Govt. of Bengal, P. W. Dept.*

No. 146R.W., dated Dinagepore, the 5th July 1887.

From—C. R. MARINDIN, Esq., Chairman of the District Board, Dinagepore,  
To—The Commissioner of the Rajshahye Division.

IN accordance with the instructions conveyed in your letter No. 44Cir.Met., dated 2nd May 1887, I have the honour to submit my Annual Report on the administration of the late District Road Cess Committee of this district, for the cess year ending on the 31st March 1887, together with the detailed accounts of receipts and expenditure.

2. *Working of the Committee.*—During the half-year under report there were eight meetings of which three were special and five ordinary. Six of these meetings were presided over by the Chairman and two by the Vice-Chairman. The average attendance of the members was not good, being 4.62 against 4.16 of the corresponding period of the preceding year. It will be observed that the attendance of the mofussil members was, as heretofore, not satisfactory. The mofussil members were conspicuous by their absence, and with the exception of Babu Durga Das Bagchi, did not attend a single meeting. This is especially to be regretted, as the town members who attend, though ready enough to assist in the disposal of business, are necessarily without much knowledge of the requirements of the interior of the district, and unable on that account to give advice upon many questions of local importance.

3. There was no meeting without a quorum. Mr. K. G. Gupta was Chairman from 1st to 27th October 1886, Mr. H. S. Beadon, from 28th October 1886 to 6th February 1887, and myself for the remainder of the half-year.

4. *Working of the Cess Act.*—A report on the working of the Collection Department has been separately submitted to you by the Collector of the district, and so it is needless to give any further details on the subject in this report. The result of the collection was, on the whole, 75.1 on the demand.

5. *Inspection of Offices.*—The accounts of both the offices, namely, of the Committee's office and that of the District Engineer, were monthly scrutinized and audited by a standing Sub-Committee, consisting of the Vice-Chairman and two of the members. The Local Auditor has also inspected the office on the 10th December last.

6. *Original Works.*—The following were the original works taken in hand during the half-year under review:—

- (1). *No. 1, Darjeeling road*—A temporary bridge over the nulla called Ram Dara on the 35th mile of the road was undertaken, but no progress has yet been made beyond the collection of materials. The bridge will be constructed during the course of the current year. It was under contemplation before to throw an embankment on this nulla, and accordingly Rs. 600 was provided for in the budget estimate for the purpose, but as it was afterwards apprehended that this embankment would cost considerably more than the original estimate, and seeing that the surrounding lands are subject to inundation, the proposal was abandoned, and Rs. 880 was sanctioned for a bridge; and with a view to make provision for the excess amount, the reconstruction of Prannagar bungalow, for which Rs. 400 was budgetted for, was postponed for another year.
- (2). *No. 7, Gangarampore road*.—One permanent masonry and timber bridge of three spans of 20 feet over the Champatoli stream has been completed and opened for traffic.
- (3). *No. 14, Ghoraghat to Hilli Road*—It is a feeder road from Hilli on the Northern Bengal State Railway to Ghoraghat, and is the most important in point of cost. A complete survey for the road was undertaken in December last, and completed at the close of the half-year. The estimate is in course of preparation, and will be submitted for approval as soon as it is ready. It was intended to manufacture bricks departmentally under the Bull's kiln system, and accordingly arrangement was made for the purpose, but the work could not be carried out for want of workmen. The work will be undertaken during the next cold weather season. A contribution of Rs. 8,000 was promised by the late District Road Cess Committee of Rungpore for the construction of this road, as a portion of it lies in that district.
- (4). *No. 15, Mohadebpore to Sultanpore road*.—The work, as noticed in my report for the previous year, is under progress, and, I hope, will be completed during the current year.

7. *Repairs*—All the roads borne in our list have been maintained and repaired as far as our limited funds permitted. The works undertaken during the year chiefly consisted of surface repairs, filling in gaps, &c. A good deal of filling in of ruts caused by cart traffic had to be done, and the bridges were taken care of.

8. An unusually heavy rain last year, causing damages to several roads and bridges, supplementary estimates were submitted by the District Engineer for their repairs, and they were duly sanctioned by the Committee. The necessary repairs to these flood damages were executed during the half-year under report.

9. It is to be observed that, with a large mileage aggregating about 1,200 miles, and the comparatively small funds at our disposal, it is impossible to keep every road in fair order.

10. At their final meeting the Committee passed the two following resolutions for the guidance of the District Board about to succeed them:—

- (4). "As this is the last meeting of the District Road Cess Committee, the Committee wish to place on record their conviction that the best policy to be followed out in future for the good of the district is to push on the construction of permanent bridges and abandon the repairs and re-construction of bamboo temporary bridges whenever this can be done with due regard to the keeping open of necessary communication during the rains.
- (5). "The Committee are aware that this policy is no new idea, but they think it might be pushed further than is done at present. Hitherto it has been the practice to almost invariably repair a bamboo bridge when it has fallen down. The Committee are convinced that in some cases it might be found feasible to keep the gap open and maintain communications during rains by boat until a permanent bridge can be afforded. Thus they think that the case of every bamboo bridge should be considered on its merits before one is repaired or re-constructed. They are also of opinion that until the district is provided with permanent bridges, the budget for repairs should be cut down to the lowest limit possible.
- (6). "Another matter to which the Committee would call attention for the information of the Board which will succeed them, is the advantages which the district will gain by permanently bridged roads in connection with the railway, and the desirability of enlisting Government support and assistance to projects in this direction."

11. The question is no doubt a difficult one. On the one hand bamboo bridges are unsatisfactory, and though erected at a comparatively small initial cost, they constantly require renewal, and are liable to break down during the rainy season just when they are most needed. During the last month of heavy rains and floods these bamboo bridges have been breaking down all over the district, thereby rendering communication difficult or impossible. Ultimately they prove a source of wasteful expenditure to the Committee, as

large sums have to be appropriated annually for their renewal and repair. On the other hand, the number of roads in the district is so great that it will be a work of years to replace all the present temporary bridges by permanent ones, and no doubt while the district is in a transition state between temporarily and permanently bridged roads, cases of inconvenience will be felt and complaints will probably be made. At the same time, I am convinced that the Committee have in the resolution quoted above, indicated the proper policy to pursue. It may not be practicable to abstain from renewing every bamboo bridge, but the requirements of each case should be separately considered, and if the gap can be left open without much inconvenience to the public, it should be left so until funds permit of the erection of a permanent bridge.

12. During the rains there is not much cart traffic, and it may often be possible to provide a boat to ferry people and even carts across the gaps, and during the cold and dry season the gaps will be fordable, and by sloping down the approaches can be passed by cart and carriage traffic without much difficulty. When the drainage permits of the use of pipe culverts, the gaps can be filled in altogether. In some places it may be possible to make Irish bridges or causeways, and the District Engineer has been asked to report on this suggestion.

13. By proceeding in this way the Board will have every year more money saved from repairs and temporary constructions to apply to the erection of permanent bridges, and in course of time, if this policy is patiently pursued, will succeed in effecting the desired improvement in their communication. Considering the benefit of the railway to the district, and how much of it will be lost until feeder roads in all directions are properly raised and bridged, and produce can be brought safely and expeditiously to the different railway stations from the interior, it is to be hoped that Government may see their way to assist the Board with funds to make such improvements, and considering the value of the traffic to the railway, the question of giving some help to the Board is, I submit, well worth consideration.

14. Difficulty is still felt in getting labourers and piece-workers. The local labourers being mostly of agricultural class, are always reluctant to do road works, especially during sowing and reaping seasons. The few labourers who come from Behar and other up-country districts are the only people to be had for such works. In some cases the works have been executed by contract, and the sums advanced to contractors have been adjusted with a few exceptions.

15. *Village roads.*—The allotment under this head could not be fully utilized. Out of Rs. 4,000, only Rs. 86 were spent during the year. Applications for village roads were received, and in some cases they were attended to. In one case a small contribution was received from villagers for the construction of a road to their village from a main line. These works were generally executed by the District Staff. Under the orders of the Committee, a list of village roads has been prepared, and allotments were made to as many as funds permitted for use during the current year. A sum of Rs. 3,670 was allotted among 18 roads.

16. *Removal of obstruction to drainage.*—Rupees 500 were budgetted for under this head, but the allotment could not be worked up to.

17. *Arboriculture.*—No new trees were planted during the year under report, but those planted before were properly maintained, and in many cases fenced in with bamboo enclosures. Rupees 142.6 were spent on account of charges of establishment entertained, as well as other miscellaneous expenditure incurred for maintenance of the trees.

18. The system of planting trees on contract, noticed in the report of the last year, did not prove a success as expected. Some other measures will have to be adopted.

19. The district works were inspected by Mr. T. Beatty, the Divisional Superintendent of District Works, during the months of January, February and March 1887. He also inspected the office of the District Engineer.

20. *Establishment.*—There was formerly one Accountant in charge of the accounts of the Committee's office, and of the District Engineer's; but as this system was found objectionable by the Examiner of Local Accounts, the offices have been separated. This separation has worked well.

21. There was no change in the Subordinate Engineering staff, which consists of one Overseer and six Sub-Overseers.

22. The establishment attached to the Chairman's office consists of one Accountant and a peon. Kumar Girindra Narain Deb, Officiating Joint-Magistrate, having been transferred in the latter part of December last, the office of Vice-Chairman was held by Mr. H. Thompson to the end of the year.

23. The office establishment has worked well, and the Officiating Head Clerk and Accountant, Jadu Nath Nundi is a hard-working and pains-taking officer. Baboo Ram Nath Bhattacharjee was District Engineer throughout the year. He has an intimate knowledge of the district, and is energetic and hard-working. He will prove a most useful officer to the Board. He reports that the subordinates of his department have worked satisfactorily.

24. The annual accounts were examined by the standing Finance Committee, and passed by the District Board at a meeting held on the 30th June 1887.

SITAKANT MOOKERJEE,

*Vice-Chairman.*

*Explanatory memorandum to accompany the accounts for the half of the cess year 1886-87 taken as one year—vide Commissioner's Circular No. 44Mct., dated 2nd May 1887.*

RECEIPTS.

Nos. 1 to 5.—These represent the collection for the half-year only, hence the decrease.

EXPENDITURE.

*Original Works.*

Nos. 1, 4 and 6.—These works were not undertaken, hence nothing was spent.

Nos. 2, 3 and 5.—These works were thought unnecessary, therefore abandoned.

*Repairs.*

Nos. 1 to 17.—These works were not undertaken, and nothing was spent.

SITAKANT MOOKERJEE,

*Vice-Chairman.*

No. 180, dated Bogra, the 15th August 1887.

From—J. J. LIVESAY, Esq., Chairman, District Board, Bogra,  
To—The Commissioner of the Rajshahye Division.

I HAVE the honour to submit the accounts of income and expenditure of the District Road Fund for the six months from 1st October 1886 to 31st March 1887.

2. The Cess Act worked very smoothly. The people fully appreciate the purposes for which the road cess is levied. To prove this assertion, I beg only to state that numerous applications are every year received from the inhabitants of several villages to improve the condition of their respective village roads. Moreover, the number of carts has of late greatly increased owing to the improved condition of the district roads. The cess collection during the half-year was Rs. 20,292 against the gross half-yearly demand of Rs. 21,765, or 93.2 per cent.

\* \* \* \* \*

4. Under the head of "Original Works" nothing was done that deserves particular comment. At the end of March the Committee received the contribution of Rs. 3,500 from Government for the construction of the Panchbibi-Kamdya Feeder road. The work was promptly taken in hand, and the road is under construction.

5. All the roads in the district received attention, and in order to keep them open for traffic throughout the year, necessary repairs were made. The roads were in general, in satisfactory order during the half-year.

6. A sum of Rs. 1,284 was advanced to private agencies for the construction and repairs of the village communications, besides Rs. 83-4 spent on village roads by the Department itself.

7. No new trees were planted during the half-year under report, it not being the proper season for such work. The old trees are doing all well, and all carefully looked after.

8. During the half-year under review the office was not inspected by the Examiner of Local Accounts or by his Assistants.

9. The accounts of the Committee were audited and passed monthly by the standing Sub-Committee consisting of the Vice-Chairman and two other Members of the Committee.

10. The establishment under the Committee continued to work satisfactorily.

## RECEIPTS.

The sum of Rs. 879-15 is a part contribution from the Jeypore Khas Mehal for the construction of the Panchbibi-Kandia road, vide the Magistrate's No. 906J, dated 15th October 1886, to the address of the Commissioner.

## EXPENDITURE.

*Establishment and contingencies of the office of collection.*—Rs. 134-4-3 being the balance of outstanding advance on the 31st March 1887, on account of costs of court-fee stamps advanced by the Road Cess Committee for serving notices and executing certificate-decrees for the realization of arrears of cesses, was adjusted, under the instructions of the Accountant-General, Bengal, vide his No. 971L.F., dated 25th March 1887, by debiting to "Provincial rates, establishment and contingencies of the office of collection," and crediting to "Advances."

*Original works.*—The plan and estimate for the construction of the bridge over Jabuna have not as yet been prepared. Hence no expenditure was made under this head.

The estimate for the construction of the Sultanpore bungalow was sanctioned by Government in their No. 460C., dated 12th March 1887, communicated with the Commissioner's No. 243P.W., dated 21st March 1887. Hence nothing was expended on this work.

The estimates for the construction of a 60 feet bridge on the Shariakandi road and Panchbibi-Kamdia road were sanctioned by the Commissioner in his Nos. 214P.W., dated 10th February 1887, and 235P.W., dated 14th March 1887, respectively.

The total outlay to end of 31st March 1887 on the Gohail-Durgapore road includes the cost of land, namely, Rs. 4,560-9-3, *vide* this office No. 75R.F., dated 19th January 1887, paragraph 2, to the address of the Commissioner.

*Repairs.*—The roads Nos. 8, 9, 10, 12, 17, 20 and 30 are in good order. No repairs were necessary during the period under report. The above remark will also apply to the repairs of the Dubchahia bungalow and palkee-bearers' hut at Dubchahia. The following transfers, being of urgent nature, were made under the sanction of the Committee from the saving of other works.

J. J. LIVESAY,

Chairman.

No. 196, dated Rungpur, the 10th June 1887.

From—F. R. S. Collier, Esq., c.s., Collector, Rungpur,  
To—The Commissioner of the Rajshahye Division.

IN accordance with the instructions conveyed in your letter No. 4, Cir., dated 2nd ultimo, I have the honour to submit herewith in duplicate a detailed account of receipts and expenditure of the Rungpur District Road Fund for the six months from 1st October 1886 to 31st March 1887, together with the following brief report on the works of local improvement that were undertaken during that period.

2. *Audit of Accounts.*—The half-yearly accounts now submitted have not been audited by the standing Sub-Committee of audit as the latter body ceased to exist from the 1st April last, consequent on the introduction of the Local Self Government Scheme on that date, but up to that date, however, the Sub-Committee of audit held monthly meetings to audit the accounts previous to their submission to the Accountant-General in accordance with the standing orders of Government, and the result of their audit was satisfactory.

3. *Assessment and Collections.*—The current demand for the six months on account of the cess on lands was Rs. 65,106 and the arrear demand from last year Rs. 6,731, making a gross demand of Rs. 71,837 for realization. A sum of Rs. 53,179 was realized during the half-year leaving a balance of Rs. 18,658 uncollected at the end of the half-year. A detailed report on this head has already been submitted by me.

4. *Working of the Cess Act.*—The people seem now to have become quite reconciled to the levy of the cess, and the majority of them appear to appreciate the benefit it confers by the improvement of district and village communications.

5. *Working of the District and Branch Committees.*—During the half-year under report, five meetings were held by the Sudder Committee, at each of which there was an quorum. The members evinced great interest in all matters brought before them for discussion. There are three branch Committees, one at Gyebanda, one at Kurigram and the other at Nelphamari. Copies of the proceedings of each of the three Branch Committees were regularly received by the District or Sudder Committee. The principal business of the Branch Committees in this district is simply to distribute the funds allotted to them by the District Committee for village roads, and the Chairman of each Branch Committee personally inspects the results obtained during his winter tour. \* \* \*

6. *Working of the Audit Committee.*—The Audit Committee appointed under section 174 of the Cess Act to audit the monthly accounts did not, as reported in previous years, work well, as the monthly accounts had to be examined in almost all cases by the Vice-Chairman alone. The chief difficulty in procuring the attendance of members to sit on the Audit Committee, lies in the fact that the accounts are kept in English and only two of the non-official members are even tolerably acquainted with that language.

7. *Inspection of accounts.*—The accounts of the Committee's office were professionally examined by a Local Auditor in June last, and the result as reported last year was satisfactory. The accounts for the half-year now submitted have not as yet been professionally examined, but they are believed to be in fair order.

8. *How the different establishments worked during the year.*—As I have only lately joined the district I am not in a position to give my opinion on this head. From the annual report of the cess year 1885-86, so recently submitted by my predecessor, it will be seen that the different establishments employed in the collection of the cess, in the administration of the funds, and in the execution of works have worked satisfactorily.

9. *Original Works.*—A sum of Rs. 15,936 was spent on original works, chiefly in the construction of masonry bridges and culverts on the most important lines of district communications.

10. *Repairs.*—A sum of Rs. 22,595 was spent on repairs: this sum has sufficed to maintain the district thoroughfares in fair order.

11. *Village roads.*—A sum of Rs. 6,000 was allotted for the construction and improvement of village roads, of which only Rs. 2,668 have been expended during the six months. Some money has been advanced to certain respectable gentlemen and to members of the Road Cess Committee for the improvement of village roads, but their accounts have not as yet been received in this office. Several numerous signed applications have been received for the repair of old village roads and the construction of new ones. The funds at the disposal of the Committee are limited, and are quite insufficient to satisfy the wants of the people in this direction. There are many excellent village roads in this district which have never been properly surveyed. Several now fallen into disrepair could be brought into good working order at a small cost. It was proposed to the Committee that a survey should be held of these village roads with this object. This subject will be brought to the early notice of the District Board.

12. *Arboriculture.*—A sum of Rs. 526 was spent during the six months under report for the maintenance of trees planted in previous years on the important district roads. The trees are thriving and are regularly watered, protected, and carefully looked after by the subordinates in charge.

*Explanatory note on the half-yearly accounts for the cess year from 1st October 1886 to 31st March 1887.*

It will appear from the accounts that some of the original works have apparently exceeded the sanctioned estimate; but on a reference to the statement given below, it will be seen that the sanctioned estimates have not really been exceeded in many cases. The apparent excess is owing to the value of surplus materials at site of works which will be adjusted by transfer on the completion of the works.

No. 62D.B., dated Julpigoree, the 23rd August 1887.

From—C. J. O'DONNELL, Esq., Chairman of the District Board, Julpigoree,  
To—The Commissioner of the Rajshahye Division.

AGREEABLY to your letter No. 4 Cir.—Met. of 2nd May last, I have the honour to submit herewith in duplicate the accounts of the late Julpigoree District Road Fund for the half-year ending 31st March 1887, and to report as follows.

2. *Committee.*—\* \* \* There were no Branch Committees in this district.

3. *Feeling of the people towards Road Cess.*—The tax is looked upon as a portion of the rent to be paid, and the only way in which any feeling on the subject has manifested itself has been an occasional complaint that the money levied locally is not all spent in the locality, or in other words that some localities are neglected in favour of others although paying an equal or greater amount of tax.

4. *State of Roads.*—All the roads under the Road Cess Committee during the period under report were in fair traffic order. Government gave a grant-in-aid of Rs. 25,000 for the Dalimkote and other important roads in the tea districts which were much injured during the last rains. Owing to a great falling off in the labour supply this year as much could not be effected with this grant as was at first hoped, and not much of this was expended before the close of the year. The metalling of the portion south of the Chil river which passes through the Apalchand forest with shingle from the river bed was commenced. Other roads were maintained in passable order throughout the six months under report.

5. *Village Roads.*—A sum of Rs. 274 was spent on repairing the village roads. The repairs were executed by the Committee's establishment. No local influential persons undertook the execution of repairs to such roads. The state of the roads were fair during the period reported.

6. *Tree-Planting.*—No new trees were planted during the period under report. The existing young trees were properly nursed and fenced in.

7. *Work Establishment.*—The establishment on work consisted of one District Engineer, one Overseer, and two Sub-Overseers. They all worked satisfactorily and the District Engineer, is particularly deserving credit for his energy. He is a very smart officer, and never spares himself.

8. *Committee's Establishment.*—The establishment of the Committee consisted of one Accountant and Head Clerk and one assistant clerk. All gave satisfaction in the performance of their duties.

9. *Inspection of Office.*—During December last the office of the Committee was inspected by the Local Auditor under the Examiner of Local Accounts, Bengal, and the accounts for the month of October 1886 only were examined together with those for the year 1885-86.

10. *Audit of Accounts.*—The accounts of the Committee were audited and passed monthly by a Standing Sub-Committee consisting of the Chairman and three other members of the Committee. Accounts for six months ending 31st March 1887, were not passed by the Committee, owing to their abolition on the 1st April 1887.

11. *Work proposed to be done during the following year.*—The following were the principal works proposed to be undertaken during the current financial year:—

- (a) Reconstruction of bridges, raising of embankment, and metalling a certain portion of the Julpigoree to Damdim road.
- (b) Construction of the Koomlye bridge and raising certain portions of the embankment of the Kyranti to Bataigole road.
- (c) Construction of the Koomlye bridge on the Julpigoree to Alipore road.
- (d) Reconstruction of some bridges on the Central Emigration road.
- (e) Raising a certain portion of the Mynagori to Nagracutta road.
- (f) Construction of a portion of the new road from Patgram to Bairagirhat.

12. *Explanations.*—The only excess expenditure of Rs. 164-15 over the budget allotment on the Kyranti to Bataigole road is due to the repairs to the road necessitated by the late floods, and a revised estimate covering the expenditure was submitted to you for sanction. The amounts allotted to the roads Nos. 12, 14, 16, and 17 and to some of the village roads were expended since March 1887.

PRESO NATH BANERJEE,  
Vice-Chairman.

No. 128, dated Darjeeling, the 27th May 1887.

From—A. W. PAUL, Esq., C.S., Deputy Commissioner and Chairman, District Road Cess Committee, Darjeeling,  
To—The Commissioner of the Rajshahye Division.

WITH reference to your endorsement No. 82Cir.—M, dated 25th April 1887, forwarding for information and guidance, copy of a circular No. 7, dated 29th March 1887, from the Secretary to the Government of Bengal, Municipal Department, to your address, directing that in view of the difficulties represented by the Board of Revenue, Lower Provinces, arising from the want of uniformity in the cess year, it should be assimilated to the financial year, I have the honour to forward the half-yearly report and accounts of the District Road Fund, Darjeeling, for the year ending 31st March 1887, the last annual report and accounts for the cess year ending 30th September 1886, having been submitted with my predecessor's letter No. 56, dated 13th January 1887.

2. The balance at credit of the fund on 1st October 1886 was Rs. 19,040-9-9, and the receipts under the several heads during the half-year ending 31st March 1887, made up a total of Rs. 14,257-4-8. The total expenditure during this period was Rs. 10,641-5-11, leaving a balance of Rs. 22,656-8-6 available for the current year.

3. During the half-year under report, out of the current demand of Rs. 14,532, Rs. 791 were realized in advance during the previous year, and Rs. 13,696 collected to the end of 31st March 1887. Only Rs. 45 remained unrealized at the close of the past official year. A further sum of Rs. 91 (leaving out Re. 1 on account of remission) on account of arrears outstanding at the close of the past cess year, plus Rs. 776 collected in advance, made up a total collection of Rs. 14,562. Of this amount Rs. 12,712-15-3 only were credited in

the Road Fund account owing to an error which crept into the treasury accounts, where, by a mistake, the balance of the collection was credited to Public Works cess. The necessary transfer and adjustment are, however, now being made.

4. The number of meetings of the District Committee held during the half-year ending 31st March 1887, was three. The average attendance was two out of eight officials, and four out of 14 non-official members. There was only one meeting of the Terai Branch Committee held at Silligoree.

5. The planter members, as heretofore, have rendered every possible assistance to the Committee in carrying out the expenditure of grants made to them for repairs to roads in the neighbourhood of their gardens.

6. With the exception of the addition of the road from Badamtom to Barnesbeg, there has been no alteration in the list of district roads mentioned in the last report.

7. The work of construction of the two suspension bridges over the Little Rungit and Kohel rivers at Poolbazar and Kohel has been started, and the masonry work is in a fair way of progress. The completion of the bridges is awaiting the receipt of the iron work ordered from Glasgow, which has been communicated by the Agents of Messrs. A. J. Main and Company, has since arrived in Calcutta, and arrangements are being made for bringing up the materials to the sites of the bridges in question. It is anticipated that both the bridges will be completed by the end of ensuing June.

The commencement of the suspension bridge over the Rongbong river at Surmah, which has been sanctioned by Government, is delayed pending the inspection of the site by the Superintending and Executive Engineers. The Superintending Engineer, Eastern Circle, who has been communicated with on the subject, will be up here shortly, when it is expected the bridge site will be inspected in company with the Executive Engineer, and after it has been inspected and approved of, work will be started.

The project for a similar bridge over the Balasun river at Namsu is still before the Government of Bengal.

8. Rupees 1,084-4-8 were spent on hill roads and Rs. 531-6-5 on the Terai roads, making up a total of Rs. 1,615-11-1.

Besides the above, a further sum of Rs. 337-6-3 was spent on village roads in the Terai.

It may be here remarked that in the majority of cases, advances on account of half the grants for expenditure on repairs to roads made to the planting gentlemen have not been adjusted yet, owing to non-receipt of detailed accounts of expenditure, which, if received in time, would have increased the expenditure on roads.

9. The Cess Act worked smoothly during the half-year under review, the total collection being 100.2 against 101.7 of last year's report. The decrease in the rate of percentage, compared with that of the previous cess year, is slight and calls for no remarks.

10. The District Engineer has been invaluable, and the establishment generally seemed to have worked well.

11. The Road Fund office was inspected by the Examiner of Local Accounts in October last. The defects in the system of keeping accounts noticed by the Examiner, have all been remedied.

2. *Receipts and Expenditure.*—Rupees 1,20,072 were in the hands of the Committees as balance on October 1st 1886, and the net receipts during the half-year, exclusive of deposits and advances, amounted to Rs. 1,78,143. The actual expenditure during the period was Rs. 1,41,888, leaving a balance of Rs. 1,51,751 on 31st March 1887.

Thirty-one per cent. of the estimated amount on works for the cess year 1886-87 could only be expended during the half-year under report.

3. No original works of importance specially deserving of notice were executed during the period under report.

The roads in the list of the Committees were repaired and maintained so far as could be done within the time and with the funds at the disposal of the Committees.
